

## Week 7 Homework

Stefani Reinhardt

1. My Kahoot Quiz Score:

2. Communication Forum Post

I have found that it really depends on my familiarity with the person on how I will communicate with them in a digital format. For example, I often use sarcasm with those I am close to and know that they will understand my meaning whereas someone I am not as familiar with might not. In order to avoid any awkwardness or miscommunication, I choose my words carefully and try to be as direct as I can. If I am struggling to think of the best way to get my point across, I will often use a thesaurus for help.
